Martinsville, Indiana

MARTINSVILLE

Martinsville, lying in the beautiful White River Valley, is the county seat of Morgan county. The city has a population of about 6,000 persons and the county has a population of about 19,550 persons. The high school and three grade schools have an enrollment of 1730 students, with fifty-nine teachers employed. State Road No. 37 runs through the city and No. 39 and No. 44 touch the city. No. 67 and No. 252 run near the city. The Pennsylvania and the Big Four railways serve the city. Two bus lines the Greyhound and the Indianapolis-Vincennes Coach Company have routes through Martinsville.

MARTINSVILLE, IND. PHONE 603.

MARTINSVILLE CITY STREETS

Main street divides the City East and West (West Side Square).

Washington street divides the City North and South (South Side Square).

On streets running East and West, houses are numbered East OR West from Main Street.

On streets running North and South, houses are numbered North OR South from Washington street.

On streets running East and West, the Even numbers are on the North side of the streets and the Odd numbers are on the South side of the streets.

On streets running North and South, the Even numbers are on the West side of the streets and the Odd numbers are on the East side of the streets. Half numbers are either above or below the ground floor.

To the buildings surrounding the public square one number shall be allowed to every sixteen and one-half ft. (not counting streets and alleys) and be so arranged that there will be sixteen numbers to a block.

On streets not surrounding the public square twenty-two feet are assigned to each number. Each square is given 100 numbers with 50 numbers to each half block. Therefore the houses between Main and Jefferson begin at 1 East, and may run as high as 100 East. In the next square, (between Jefferson and Sycamore) the numbers begin at 101 and may run to 200, etc. The same plan is used for East and West streets. For example: if a house is numbered 940 East Harrison Street, it is located in the tenth block East from Main Street.

MOORESVILLE, INDIANA

MOORESVILLE

In 1824 Samuel Moore purchased the town site in Brown township where Mooresville now stands and employed a surveyor to lay out the village. The growth of the village was so rapid that in 1831 the population was over 200 and every business industry was full of promise. In March 1831, the town was incorporated with Samuel Moore, Asa Bales, W. C. Clint, J. S. Kelley and James Bradshaw the first trustees.

Mooresville has continued to grow and prosper. Modern schools and churches have been built as has a fine public library.

There are numerous civic organizations that work continually for the betterment of the community. The town population is now about 1,974.

Mooresville is located on state roads 67, 267 and 42 which is a factor in the constant growth of this city of beautiful homes.

MORGANTOWN

Morgantown is known as "The Gateway to Brown County" and is located on the Indianapolis-Nashville highway, in Jackson township.

The town was laid out in March, 1831, by Robert Bowles and Samuel Teeters and in 1836 the population was about fifteen families. Today it has 300 people.

Morgantown has always supported splendid churches and a good school. It has a public library, unusual for a town of its size.

There are no zone fire signals—one bell at the City Hall calls the fire department.

Morgantown U. S. Post Office

Wisby Building — Morgantown, Indiana.

Lobby Opens at 7:00 A. M. and Closes at 6:00 P. M.

HUGHES
LUMBER & GRAIN CO. INC.
44 YEARS OF PERSONAL SERVICE
Brooklyn, Indiana

BROOKLYN

Brooklyn, in Clay township, was laid out in 1854 by Frank Landers, who had opened a store there the preceding autumn. As the town began to grow the grist mill of William and John Paddock drew many people to this vicinity. Griggs, Cook and Scott opened a second store and about 1866 M. O. and F. M. Pierce started a woolen factory.

Today Brooklyn, located just off state road 67, nine miles northeast of Martinsville, is progressive and is proud of its churches and school that are as fine as any in the county. The high school students attend school in Martinsville.

The present town board of Brooklyn is composed of Eteve Washburn, Roger Edson and Oscar McKinley.

BETHANY PARK

Bethany Park is a resort in Clay township, just off state road 67 and near Brooklyn. It is the property of the Christian churches of Indiana and is strictly a non-profit organization. It is under the supervision of a Board of Directors, all of whom are stock holders.

Besides many cottages there is the large tabernacle, a hotel that will accomodate a large number of persons and Jewell Lake, where swimming, boating and fishing may be enjoyed.

A special feature of the park during the summer is the series of young peoples conferences held. The tabernacle is used throughout the summer season for religious meetings and civic gatherings.

Centerton, Indiana

CENTERTON

Calvin Matthews laid out the village of Centerton, Clay township, in March, 1854, and the town was supposedly named Centerton because of its central location in Morgan County. Hiram Craig was the surveyor.

William Spencer opened the first store there and was the first man to run a Federal post office. The next merchants were Thomas Hardwick and S. S. Cox. Hiram Cox was the first blacksmith and W. J. Manker owned and operated the first saw mill.

Among the early families were those of Calvin Matthews, William Spencer, William Cox, Thomas Hardwick, Dr. Skelton, Paul Sims, Joseph Robb, John Shields, Mrs. Hunt, John Adams and John Butterfield.

Centerton is located just off state road 67, between Martinsville and Mooresville and has excellent transportation by train and bus. Students attend classes at a modern grade building and high school pupils are transported to the Martinsville high school.

EMINENCE

Eminence was laid out in July 1855, by William Wigal. Early lot owners were Abe Hadden, J. S. Holmes, Daniel Holmes, Elison Sliger, E. W. Spencer, G. L. Wigal, T. A. Adkins, H. R. Flock, Miller Howell and Solomon Watson.

Joseph Ray was said to have been the first merchant in Eminence. The Pierce Brothers built a woolen factory and numerous people were employed to conduct the divers pieces of machinery.

A grist mill, owned and conducted by William Wigal brought other intereests to the town and there were numerous saw mills, wagon-makers, and mechanics of all crafts.

Eminence has a good grade and high school and its churches are very active. It is a thriving farming community.

PARAGON, INDIANA.

PARAGON

Jimmy Newton, owner of a store in Ray township in 1852, gave Paragon its name when a mail route was established from Gosport and Martinsville. The town at that time was made up of 16 families.

In 1857 Andrew Fletcher opened a blacksmith shop and a saw mill soon aided in the town's growth. Joseph Fletcher, the first teacher, taught in a little school on what is now the main street of Paragon.

Paragon today has a population of 454. The churches are very active and the grade and high school is classed as among the best in the state.

The town officials are Othal Shuler, clerk-treasurer; Gus Downey and Dempsey Arthur, and Frank Dow members of the Town Board and Issiac Hayden, constable.

MONROVIA

Monrovia is located in Monroe township, in one of the finest farming sections of the county. It is 14 miles north of Martinsville, on the intersection of state road 39 and 42.

William Pound entered the first tract of land in Monroe township in 1820 and the village of Monrovia was named in 1834 by Gideon Johnson and George Hubbard who employed a surveyor and laid out forty-five lots. The first steam grist mill in this part of the state was built about 1837.

Although Monrovia is not incorporated its citizens are wide-awake and interested in all current state and national issues. It boasts of splendid churches and schools and is a fine town in which to live.
